* Fewer than 50.
(2) New series from 1998.
Notes: Data rounded to nearest 50; Totals may not add due to rounding or residual categories.
State government data include all paid positions or jobs in the executive, legislative and judiciary branches, as reported in the Department of Accounting and General Services payroll report. It differs from figures from the Department of Human Resources Development, which counts civil service and exempt employees and their full-time equivalency in the executive branch.
